

# FINLAKE

Resort & Spa

## **Membership announcement**

Following the Government announcement to close public venues, we can confirm that Finlake Fitness & Falls and Sirona Spa have closed for the foreseeable future.

### **If you pay by Direct Debit**

As per our previous communication, we will not debit your account with membership fees from April onwards. Your membership will remain dormant and no further fees will be taken until we re-open. Details of how we will credit the remaining days in March will follow.

### **If you have paid annually**

For those paying annually we will simply add the time back for the term of your contract. This will be added automatically.

These continue to be extraordinary times and we are all doing our best to support you. Please continue to look at our social media platforms as we will be working behind the scenes to provide content to help keep you and your family to stay fit.

Stay safe and well.

Healthy regards.

**The Finlake Resort Team**
